ABOUT US

Perfect Fit has been helping Calgarians organize their lives since 2012, and we're excited to be expanding our business to Vancouver. The west coast has always been home for Trevor (Owner), and we understand the unique problems many Vancouverites face. We're confident that our business can help.

Perfect Fit is a Canadian owned and operated husband-wife team, Mali and Trevor Braun. At Perfect Fit, we are always thinking about the future, looking up the latest market trends, and we're ready to grow and adapt to a changing world. Beyond the two of us, we also work with numerous skilled carpenters and experienced designers. We effectively bring creativity and beauty to down-to-earth trade-work in order to build closets that are as elegant as they are practical.

Over the last half of a decade, we've built our business on excellent customer service and quality installations. We've defined our success as entrepreneurs by our happy clients and the long-lasting relationships we've built over the years. We're optimistic that the same integrity, attention to detail, and commitment that has served us so well in Calgary will help us to succeed in Vancouver. We look forward to growing our business on the west coast, and we can't wait to introduce a new trend for exquisite, custom closets to Vancouver.

DESIGN PROCESS

A FREE in-home design consultation is scheduled where we discuss your needs, your visions, and understand your spaces.

We work with you to create a collaborative computer-enhanced 3D rendering, which we will share with you free of charge.

Once the design is finalized to meet your vision and budgetary needs, we move forward to placing your order, and booking an installation appointment.

Our storage solutions are created so that you can enjoy them for the duration of your stay in your home and add value for the next potential homeowner.

INSTALLATION PROCESS

A unique aspect of Perfect Fit is that we truly custom-fit our product to your walls, thereby eliminating unnecessary gaps that are seen with generic modular systems.

We specialize in fitting to angled walls, and make it a standard practice to fit your material to uneven floors. This attention to detail leaves your space with a showroom finish!

At Perfect Fit, we take the mess of custom cutting out of your house and bring it to our fully equipped vans.

At the end of the project, we thoroughly clean your newly installed product and clean any mess associated with the install.

From the sales process to the install process, we take pride in what we do, and aim to give you the best experience possible!

PRODUCT WARRANTY

Perfect Fit Closets products are manufactured in Canada, using only the highest quality materials to exact tolerances. Our products include a limited lifetime residential warranty and a limited one-year non-residential warranty. Perfect Fit Closets warrants that the products you purchased will be free from defects in material and workmanship for the normal lifecycle of the products when used for single-family residential use, and for one year when used for non-residential or commercial use. Perfect Fit Closets will repair or replace any defective component of the purchased products at no charge.

DECORATIVE INSERTS & PANELS

KITSILANO
DEEPLY TEXTURED PANELS

Inspired by the structures of nature, Stijle™ Kitsilano panels offer an unrivaled look and feel. The depth of detail combined with real wood veneers create an exceptional presence. The deep texturing plays off light and shadow to achieve a richness that other materials cannot equal. Cut to size and beautifully finished, these panels will elevate your project to a work of art.

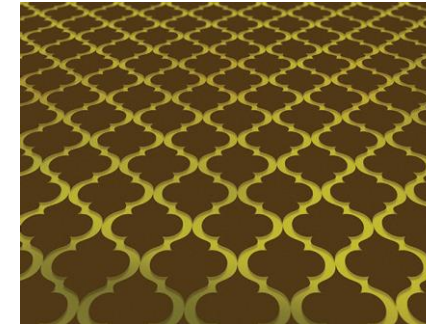

MONACO
DECORATIVE PIECES

Stijle™ Monaco decorative pieces were designed to sustain your attention. Originating from Europe, these contemporary styles are offered in a vast range from grunge to luxury. Monaco is available in both panel and inserts to compliment any project for your home, office, or entertainment area.

VENEZIA
ITALIAN GLASS INSERTS

As the name suggests, our Venezia decorative glass insert program is all about Italian style and flair. From animal skin prints to back-painted glass, there are designs to suit every taste. Available in our shaker and mitred doors, as part of our Brooklyn aluminum frame program or as glass only.

VALENCIA
UV EMBOSSED
DECORATIVE INSERTS

Valencia decorative inserts are developed, designed and manufactured at our facility in Canada. The multilayer UV embossing process creates texture and depth, imparting the panels with elegance and refinement. Available as inserts only, framed in Stijle™ contemporary aluminum profiles or framed in a selection of Stijle™ shaker and mitred doors.

BROOKLYN
ALUMINUM FRAMED DOORS

Produced to a very high standard, our Brooklyn aluminum framed doors achieve an unparalleled fit and finish. Our miterjoints are tight and square giving the frame a high quality appearance. Available in four frames and five finishes, Brooklyn doors combined with our specialty glass, convey a contemporary style with European flair.

OUR VALUE

“Perfect Fit is a big deal! A lifestyle change!”

In order to ensure that we are the best fit for our clients, we focus on our values, the things that matter most in life and the things that make us strong. Our client relationship values have easily become our business values, we would not be where we are without them, and that’s important to remember. We work hard to build long lasting relationships with our clients!

OUR FOCUS

- Transparency
- Honesty
- Communication
- Trust
- Reliability
- Commitment

We are here to provide you with functional, realistic solutions to organize your space! We have custom storage solutions for all kinds of budgets and respecting your time, we will bring our showroom to you. Our friendly and reliable service will allow you to feel at ease with the change that’s taking place in your home.

We strive to fulfill your organizing needs, and if we can help you de-clutter your life, we are the Perfect Fit!

Eco-Friendly

We know that what fills your home matters to you. That's why we offer our collection of choices designed with the environment in mind.

The core of our TFL panels is made of 100% recycled and/or recovered wood fibre. It also exceeds the American National Standards Institute (ANSI) by proudly providing:

- Carb II Compliant
- FSC certified
- NAF (No Added Formaldehyde)
- NAU (No Added Urea) Products

Our products come from responsibly managed forests

100% recycled and/or recovered wood fibre is used for all panels

94% total waste is recycled

100% wood, metal, cardboard, and copper wire waste is recycled
