

Quality Control Inspector

Perfect Fit Closets is a Closet distribution and manufacturing company where we cater to over 100 plus authorized dealers (and growing) across North America. We help our dealers navigate the full process of closet sale, closet design and closet installation. Each of our team members are well versed in all of these areas as we cross train with each other on a continual basis.

Our team is looking for a Quality Control Inspector to assist us in working diligently with our manufacturing facility to ensure high quality packaging and full product count for shipments traveling across North America. This position requires but is not limited to the following day-to-day tasks: verifying product counts, ensuring cleanliness of products, inspecting each product for damage, reporting to individual departments for product re-makes, reporting back to the PFC team lead with issues and giving final approval for packaging before shipment leaves the facility. Our mission for this role is to continually give the WOW experience to the end dealer by ensuring the final product being delivered is all accounted for, clean and packaged correctly.

This position is based out of Calgary, AB, where you will be required to work 3-5 days of the week (Monday to Friday) with a typical 8 am to 4 pm schedule but this schedule may vary slightly depending on production workload and your availability.

Our biggest successes to date is our ability to information share, recurring education and providing exceptional support to our dealers. Their success goes hand-in-hand with our success. We will train you build your confidence in this role but we need you to show enthusiasm, wanting to learn and wanting to be part of this team.

We look forward to speaking with you!

The Perfect Fit Team
