CUSTOM CLOSETS

Product Specification & Design Guide

Our Story

At Perfect Fit Closets, our Authorized Dealers are provided with a robust design catalog for all their design and estimation needs. Dealers can quickly design custom closets, pantry, mudroom, office and more with our extensive product offerings and accessories.

With previous professional experience ourselves, as Dealers and Installers, we are all about removing the obstacles involved. Our focus is to streamline processes and provide superior customer service to our partners. We are here to guide you, from your first design to your first installation and all the steps in between. We hope you enjoy working with our products as much as we enjoy offering them to you.

The Build $\frac{3}{4}$ " vs $1\frac{1}{2}$ "

Enhance your closet design using $1\frac{1}{2}$ " thick parts to provide a bold look to your next project.

Construction: Two solid $\frac{3}{4}$ " panels doweled and glued together with one seamless 1mm edge band, All parts selected will have the same drilling pattern as the $\frac{3}{4}$ " parts.

VS

$\frac{3}{4}$ " Thick

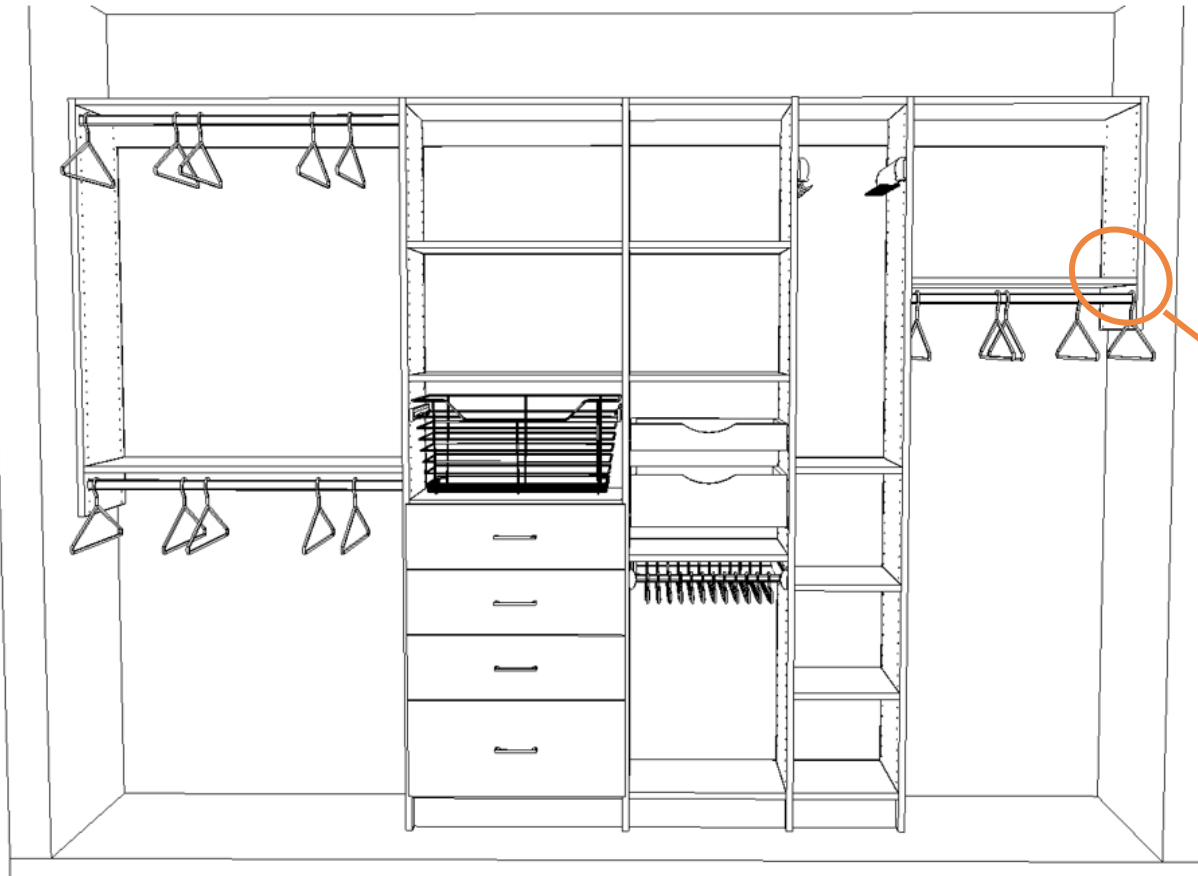

Available in TFL / Matte / High Gloss
Available in Shelves, Panels and Tops
Matching 1mm Edge-banding

1-1/2" Thick

Available in TFL or Matte (High Gloss not available)
Available in Shelves, Panels and Tops
Matching 1mm Edge banding

Not Available: Wall Panels, Matte Colors & Radius
Corner shelves.

The System

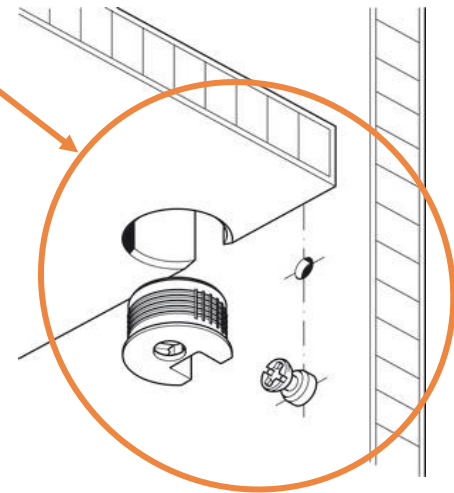

Flush Rail Cam H.263.50.705 'Cam System for Fixed Shelves. 4 Cams per Fixed Shelf. Screw onto single or double bolt system

System Bolt Single H.262.20.985 'Single bolt for Fixed Shelves. Cam system Locks onto this Bolt. Place on end Gables/Panels

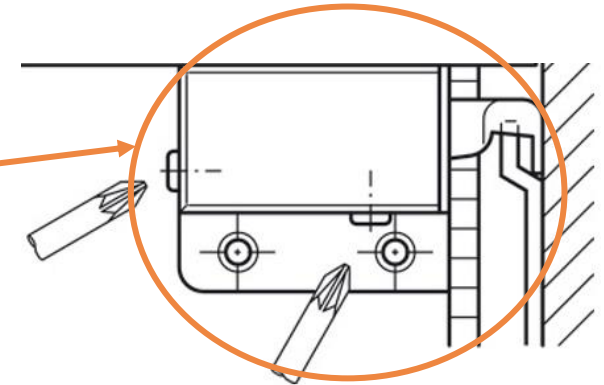

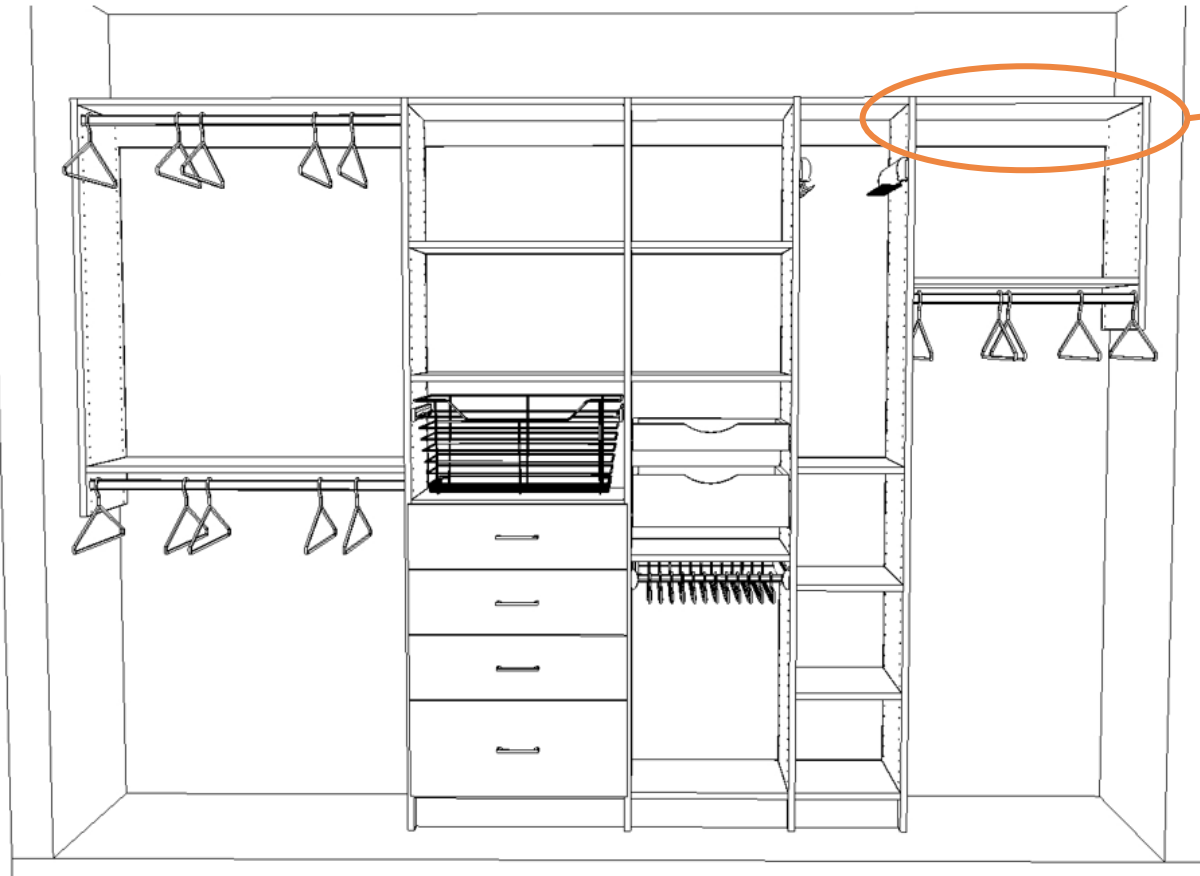

System Bolt Double H.263.24.973 '1 Place bolt for Fixed Shelves. Cam system Locks onto this Bolt. Place on middle Gables/Panels that have another fixed shelf on the other side

- Assembly of all systems start with the connectors and hardware's for each component. All parts connect too and follow the 32mm line boring system holes making adjustability quick and easy as storage requirements change.

The Wall System

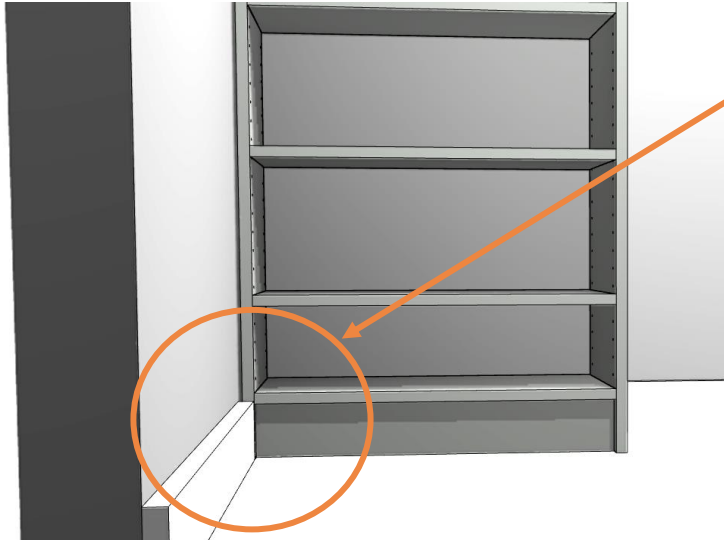

White / Black / Brown / Beige

Hanging Hardware

- Our hanging systems have 2 way adjustability's which compensates for bowed or uneven walls, whilst giving superior stability and support. Covers for rail and hardware come in 4 complimentary colors.

Wall Clearance

Modules with NO Drawers or Doors:

Designing with modules against a wall must include a minimum clearance of 1/4" on both ends of the design.

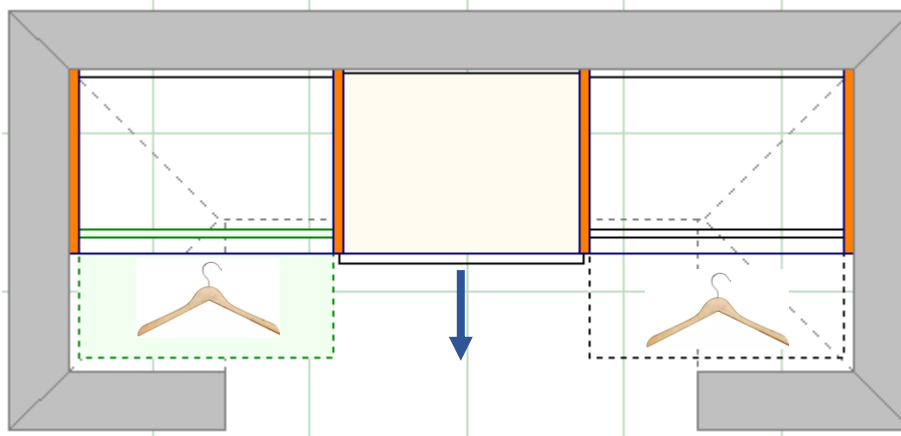

Modules WITH Drawers or Doors:

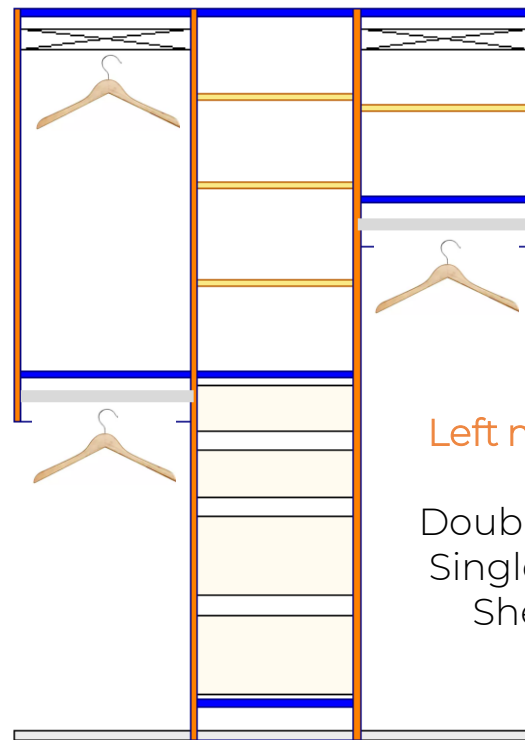

If the module is to have Drawers or Doors, then a minimum clearance of 1" to 1.5" is needed to allow for opening. Standard 3" filler is added to the design.

REACH-IN

- With a variety of design configurations, the standard concept is derived using a 3 module system (hang/storage/hang) due to restriction of front return walls. This space is typically a single design wall.

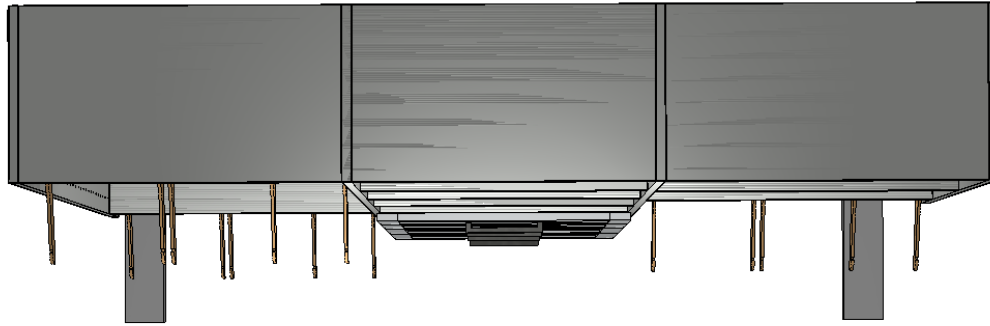

Left module:
 Double Hang
 Single Hang
 Shelves

Middle module:
 Shelves
 Drawers/Shelves
 Double Hang
 Single Hang/Shelves
 Single Hang/Drawers
 Accessory/Shelves

Right module:
 Double Hang
 Single Hang
 Shelves

MSRP \$1900

Industry Design Standards:

Depth 14"
Height 84"

Rod Placement:

Long Hang 65"
Double Hang 40" & 80"

Notes:

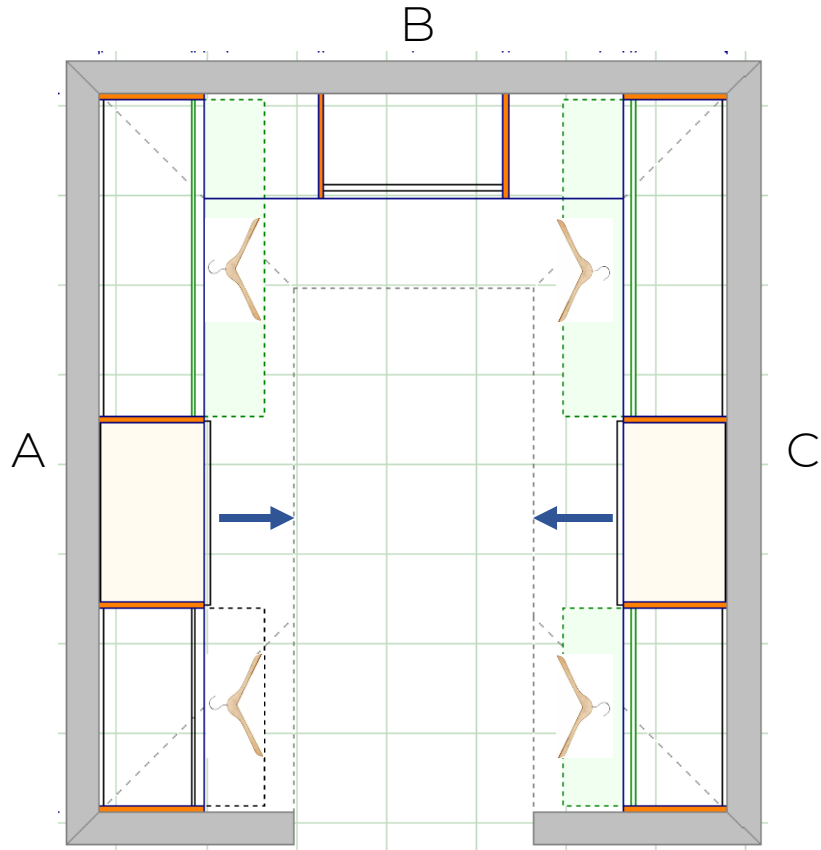

Design modules with min. ¼" spacing from Left and Right walls to ensure maximum fit without cutting.

Reach-In

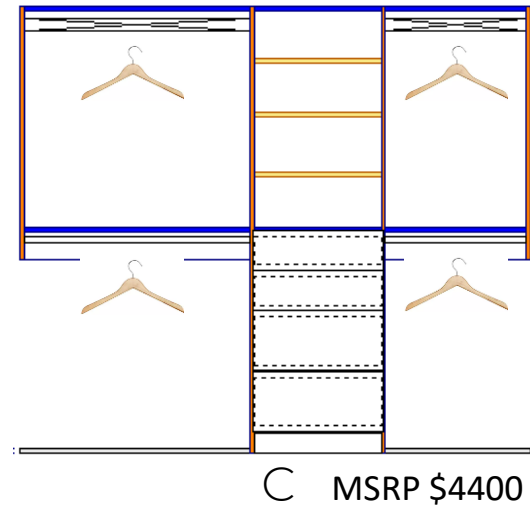

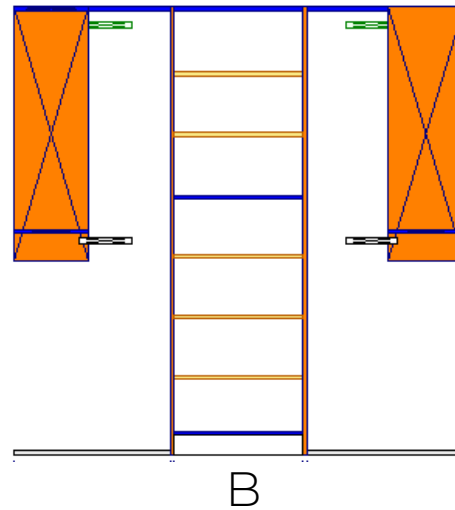

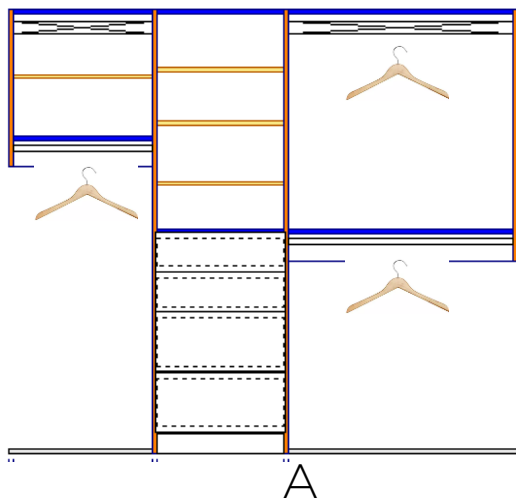

MSRP \$1900

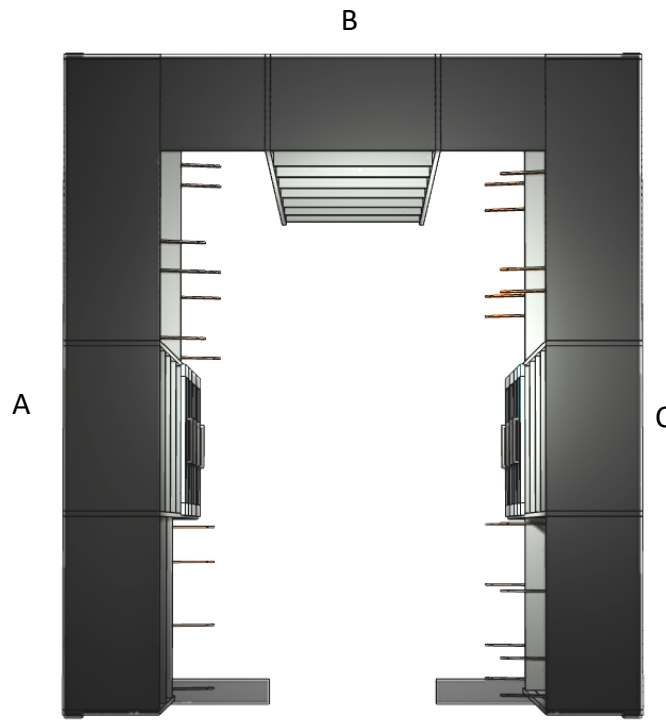

Primary - WIC

Primary Walk-in Closets are a multi-design wall layout. Keep design symmetry for an organized appealing result.

MSRP \$4400

Industry Design Standards:
Depth 14"
Height 84" – 1" below ceiling

Rod Placement:
Long Hang 65"
Double Hang 40" & 80"

Notes:
28" spacing recommended when starting the next design wall.
Measured from previous design wall, not the panels.

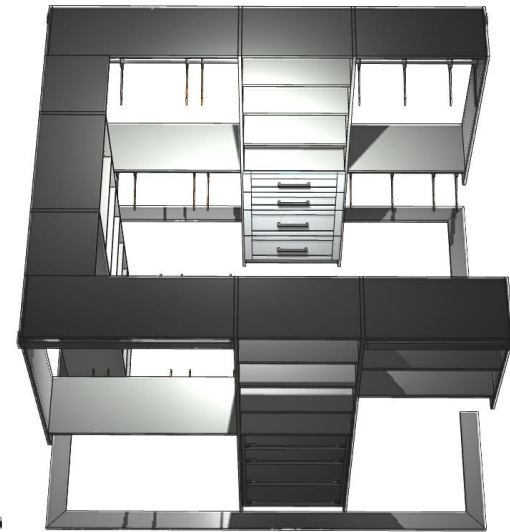

Start build minimum 1" from wall and add filler if using drawers or doors next to the wall, if not applicable then design 1/4" from the Left and Right walls.

A

B

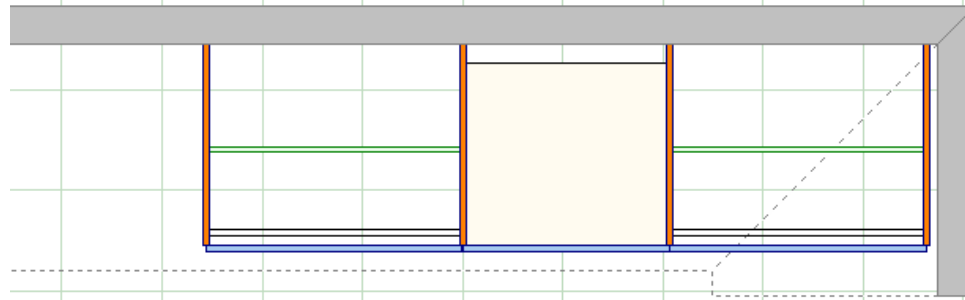

C

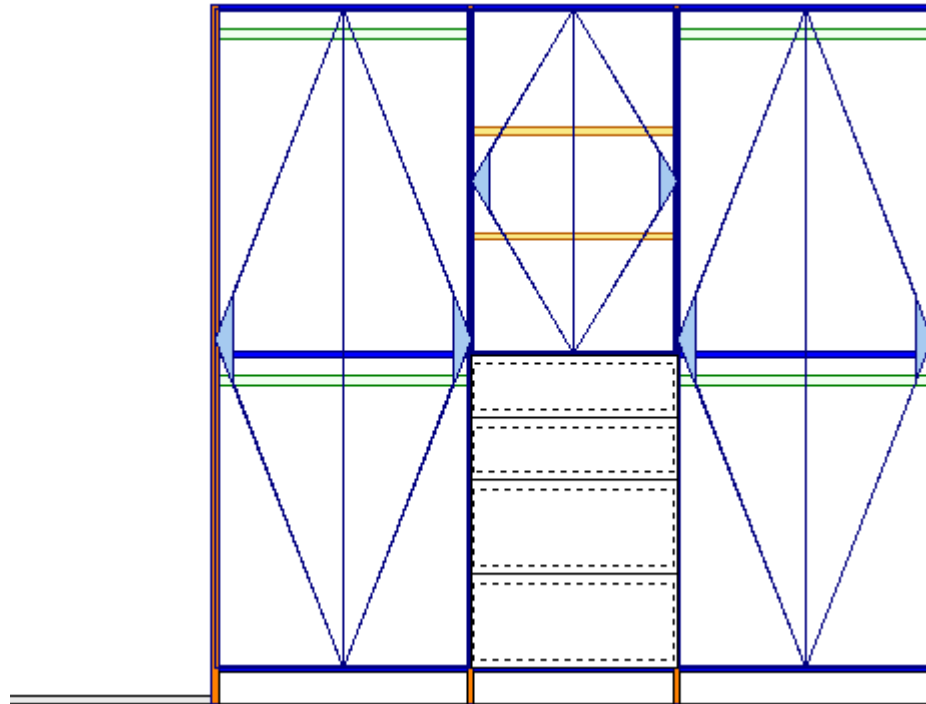

MSRP \$4400

Wardrobe

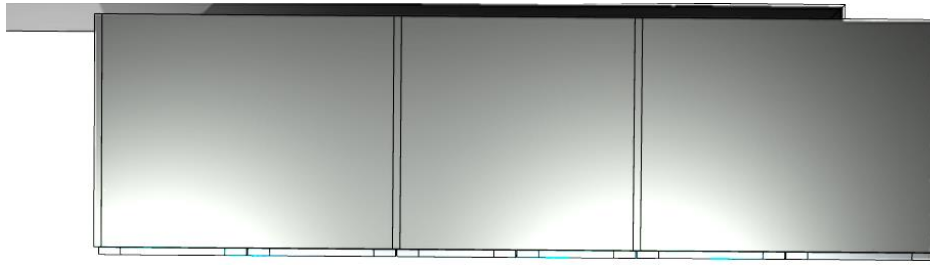

- Is your closet not big enough? Or, your space doesn't have a designated closet? Design a 24" deep wardrobe unit by using a variety of widths and components to achieve the perfect closet for your needs.

MSRP \$5000

wardrobe

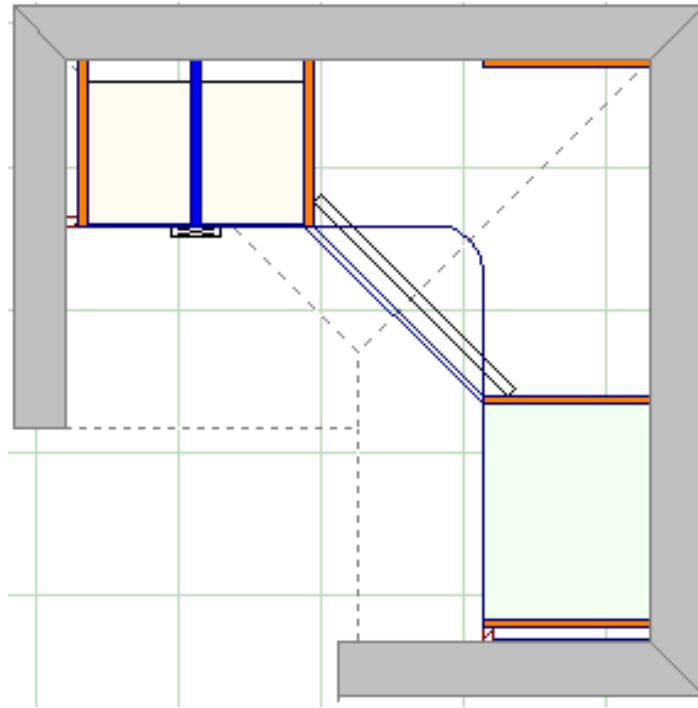

▣ Industry Design Standards:
Depth 24"
Height 84" – 1" below ceiling

▣ Rod Placement:
Long Hang 65"
Double Hang 40" & 80"

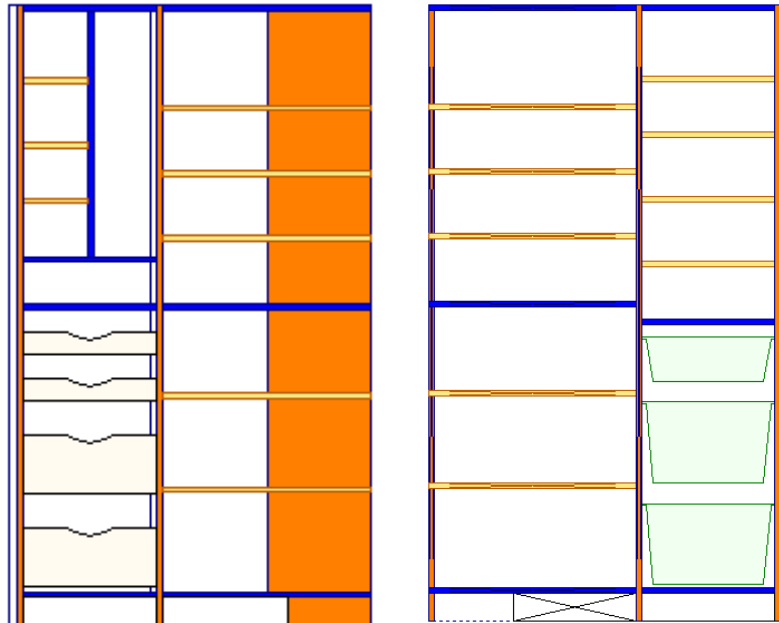

▣ Notes:
Start build minimum 1" from wall
and add filler if using drawers or
doors next to the wall.

MSRP \$5000

Pantry

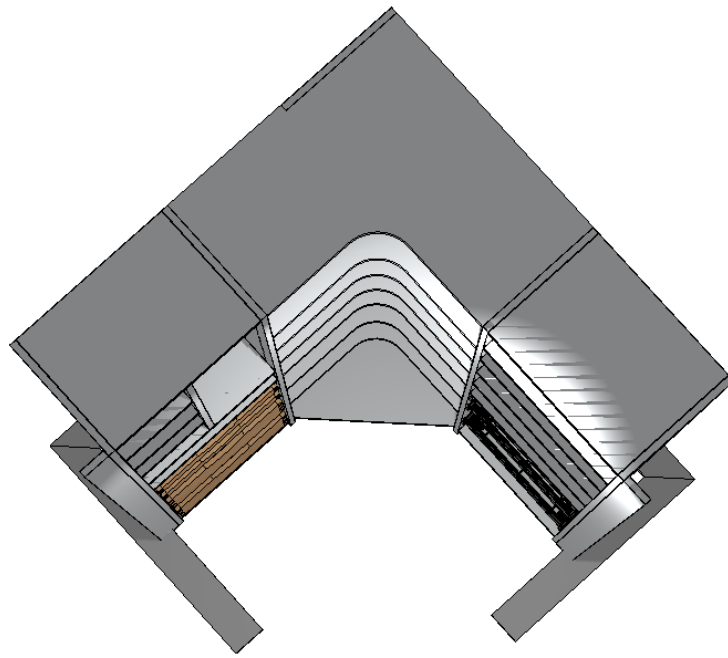

- Using scooped dovetail boxes, wire baskets, along with corner shelving towers, will maximize the storage capacity resulting optimal organization and functionality.

MSRP \$3000

Pantry

Industry Design Standards:
Depth 15" - 16"
Height 84" - 1" below ceiling

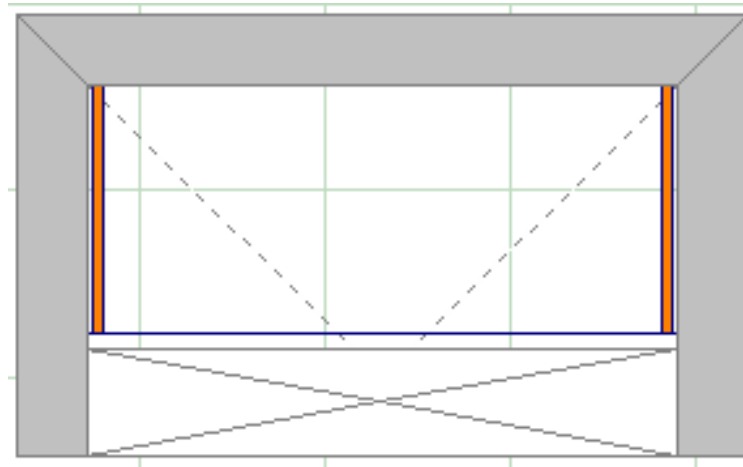

Notes:
Start build minimum 1" from wall
and add filler if using drawers or
doors next to the wall.

Recommended to use floor panels
inside a pantry, versus wall panels,
due to weight of pantry products.

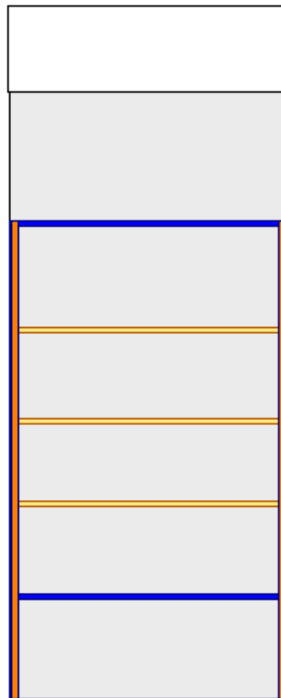

MSRP \$3000

Linen Closet

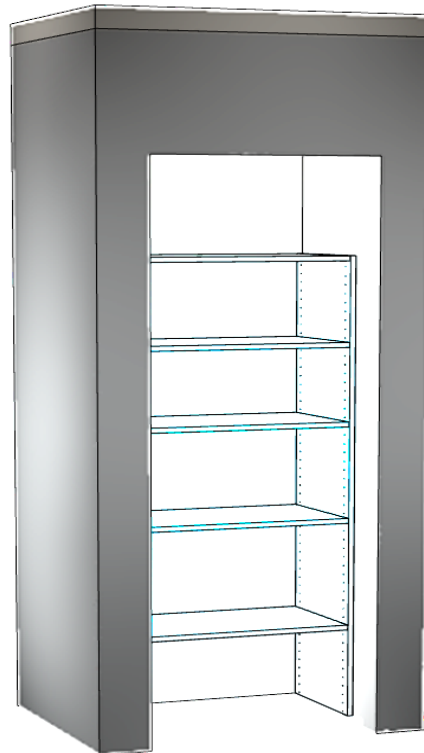

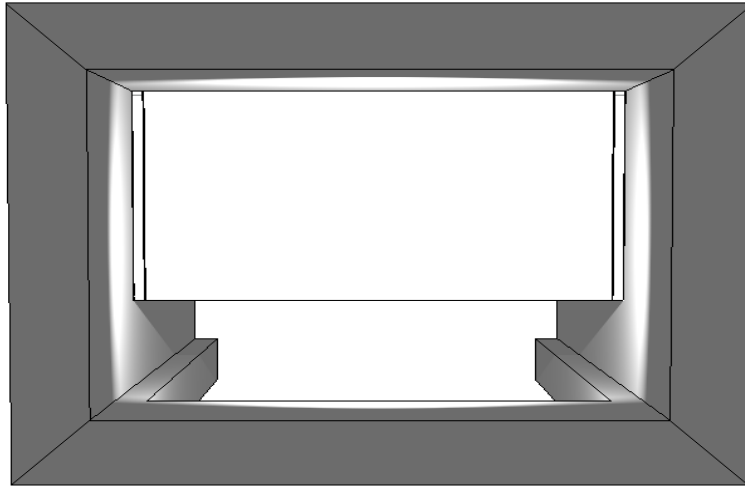

- Creating the unit short and deep allows for best horizontal storage while still giving access for bulkier items at the top.

MSRP \$750

Linen Closet

□ Industry Design Standards:

Depth 19"
Height 72"

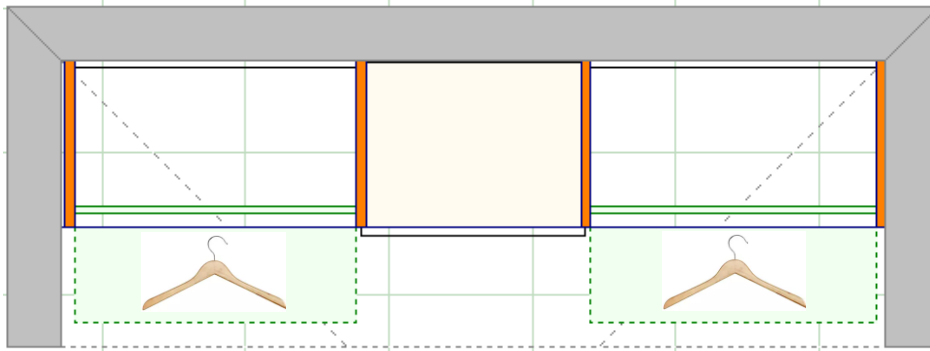

□ Notes:

Design modules with min. ¼" spacing from Left and Right walls to ensure maximum fit without cutting.

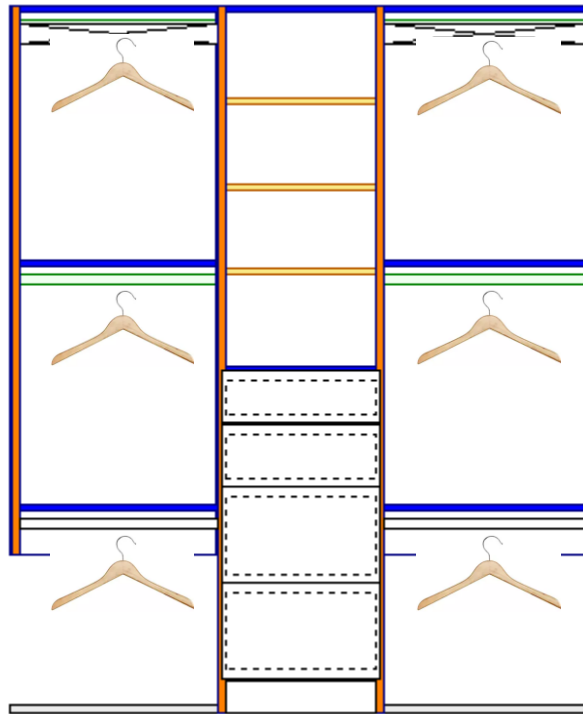

MSRP \$750

Kids Closet

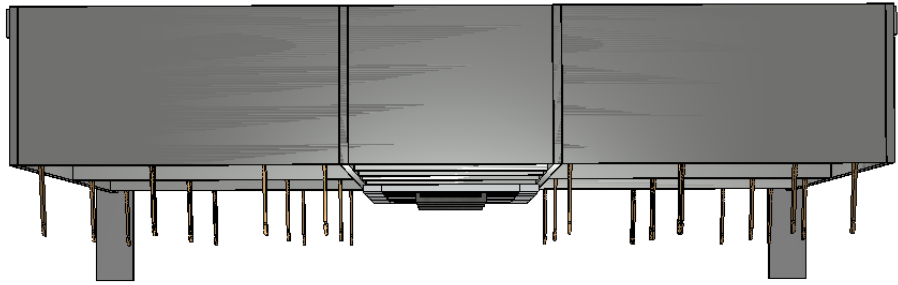

- Utilizing the triple rod system allows adjustability as the child gets older and their inventory and needs change.

MSRP \$1900

Kids Closet

Industry Design Standards:
Depth 14"
Height 84"

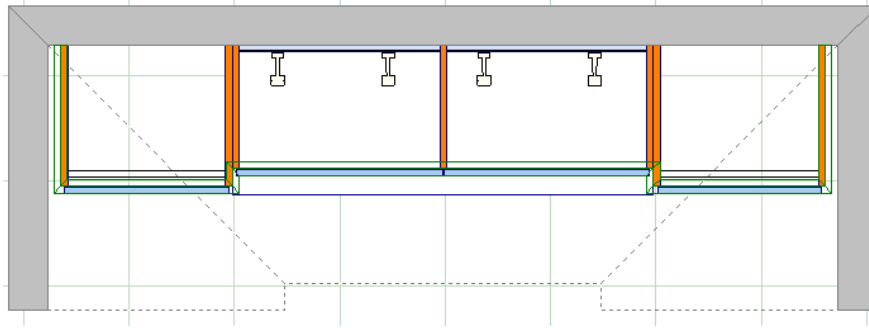

Rod Placement:
Triple Hang 25" / 53" / 80"

Notes:
Design modules with min. 1/4"
spacing from Left and Right
walls to ensure maximum fit
without cutting

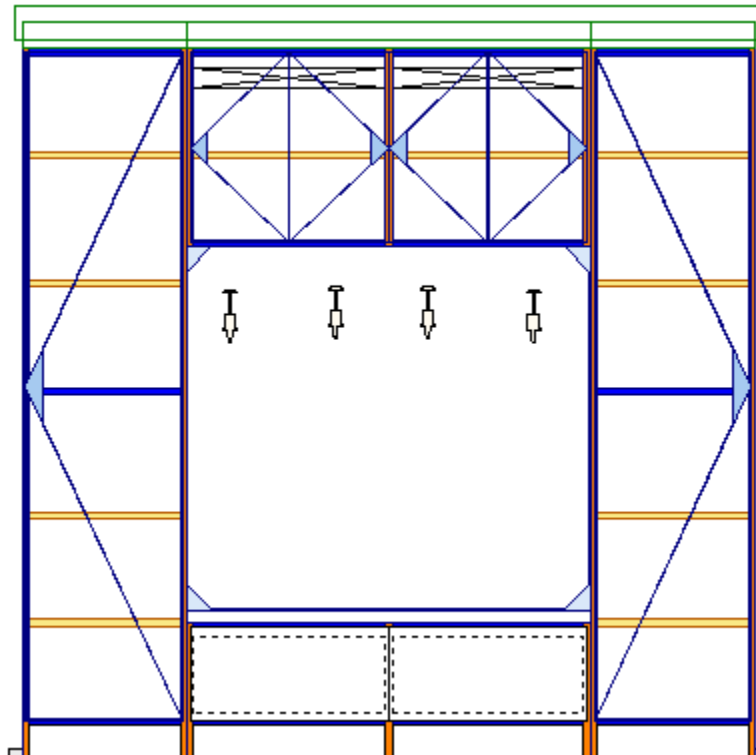

MSRP \$1900

Mudroom

- Having a functional but esthetically appealing mudroom, allows this ergonomically designed space to be used daily by all family members.

MSRP \$4900

- Industry Design Standards:
Bench Depth 19" to 24"
Bench Height 18"
Upper Cabinet Depth 14" to 19"
Tall Cabinet Depth 19" to 24"
System Height 84" – 1" below ceiling

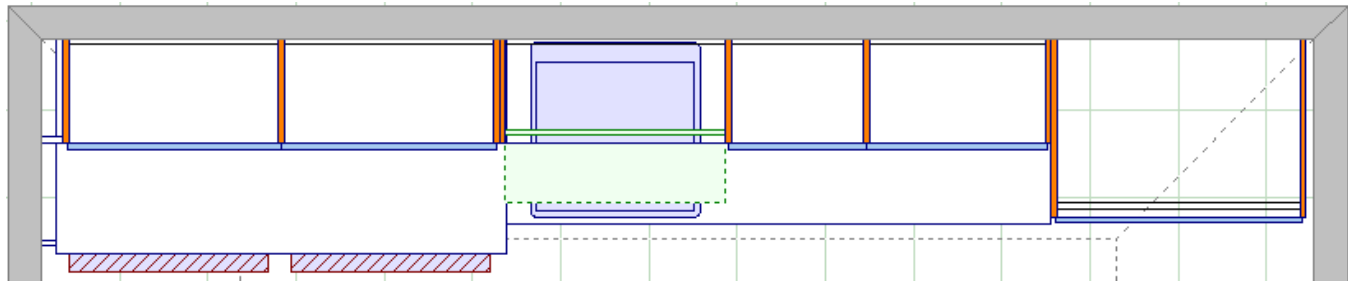

- Notes:
Start Cabinet min. 1" from wall and add filler if using drawers or doors next to the wall.

Recommended to place hook placement 48" above the bench.

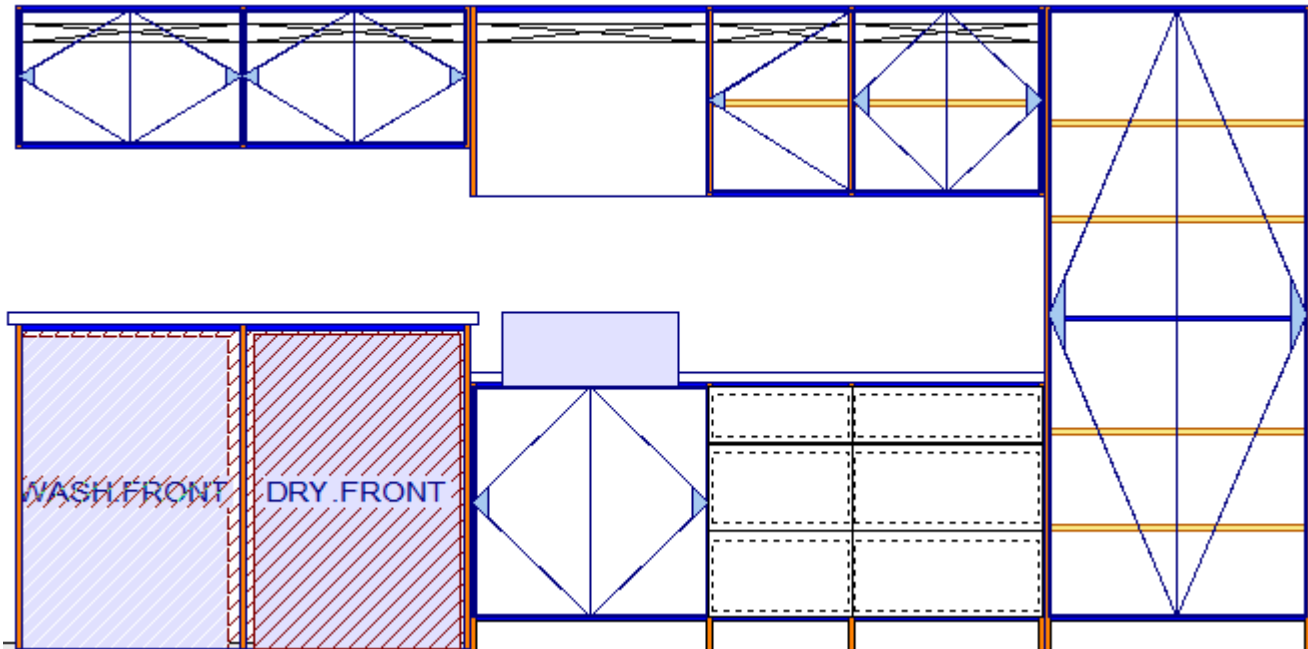

Mudroom

MSRP \$4900

Laundry

- ❑ Messy laundry room is a thing of the past. With a functional design, an area to hang dry clothes and a counter top to fold items, you are sure to fall in love with this space once again.

MSRP \$8500

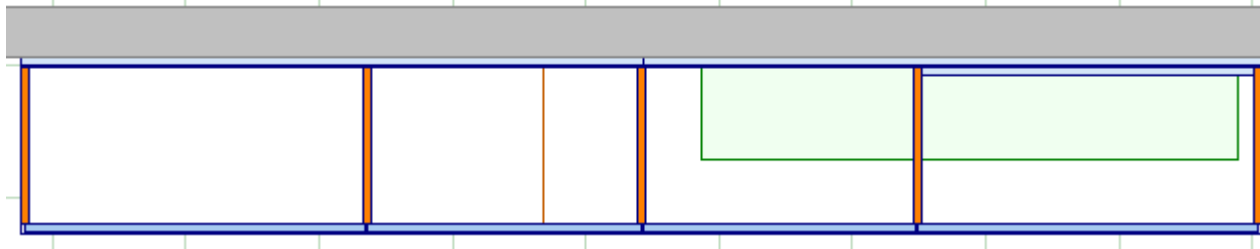

Industry Design Standards:

- Base Cabinet Depth 24"
- Base Cabinet Height 36"
- Space between Counter and Uppers min. 18"
- Upper Cabinet Depth 14" to 19"
- Tall Cabinet Depth 24"
- System Height 84" - 1" below ceiling

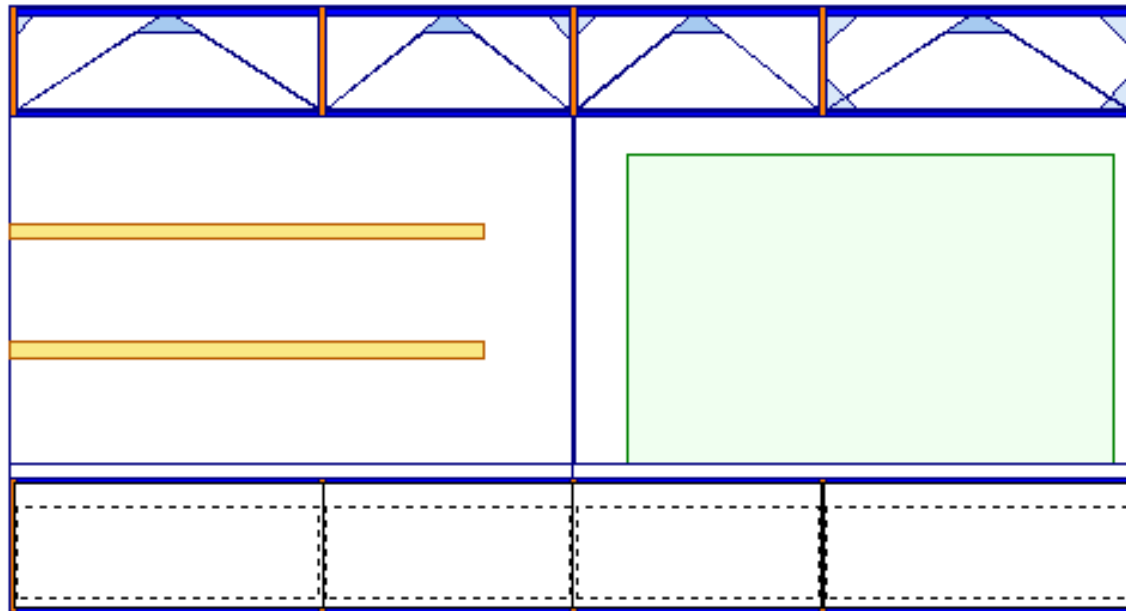

Notes:

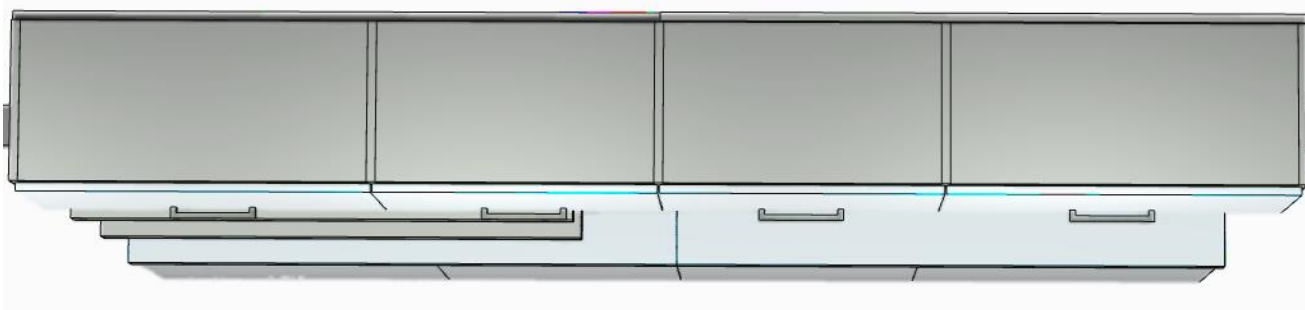

Start Cabinet min. 1" from wall and add filler if using drawers or doors next to the wall.

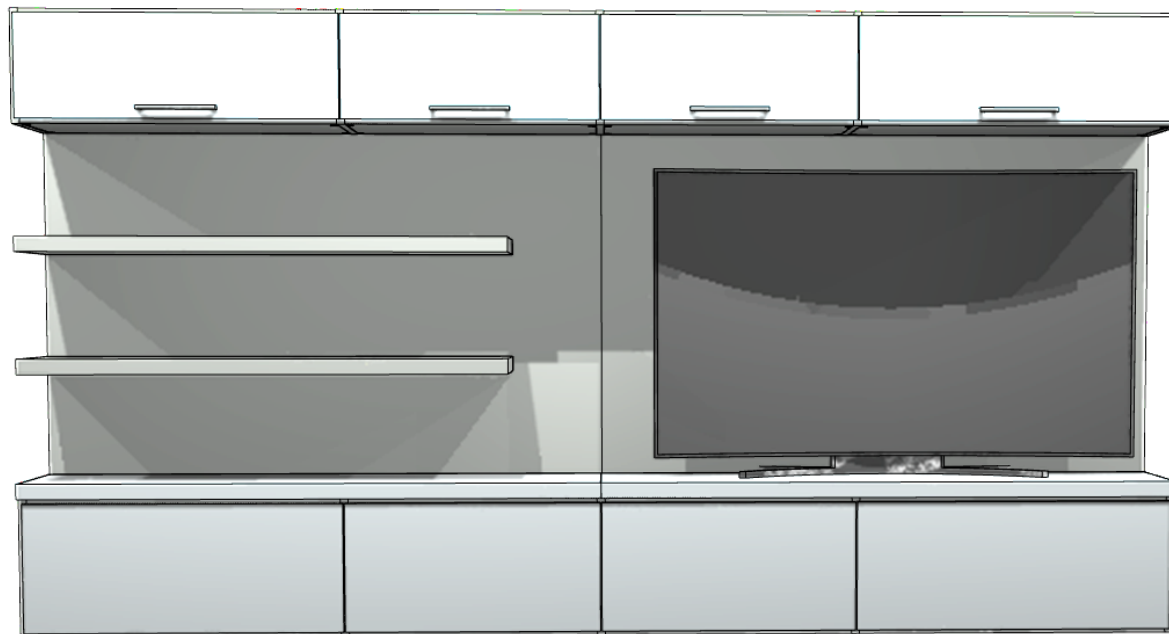

- Kick back and spend your evening watching your favorite shows in amongst an elegantly designed entertainment system with push to open drawers and vertical lift doors. Design with any color and or grain textures to fit your space

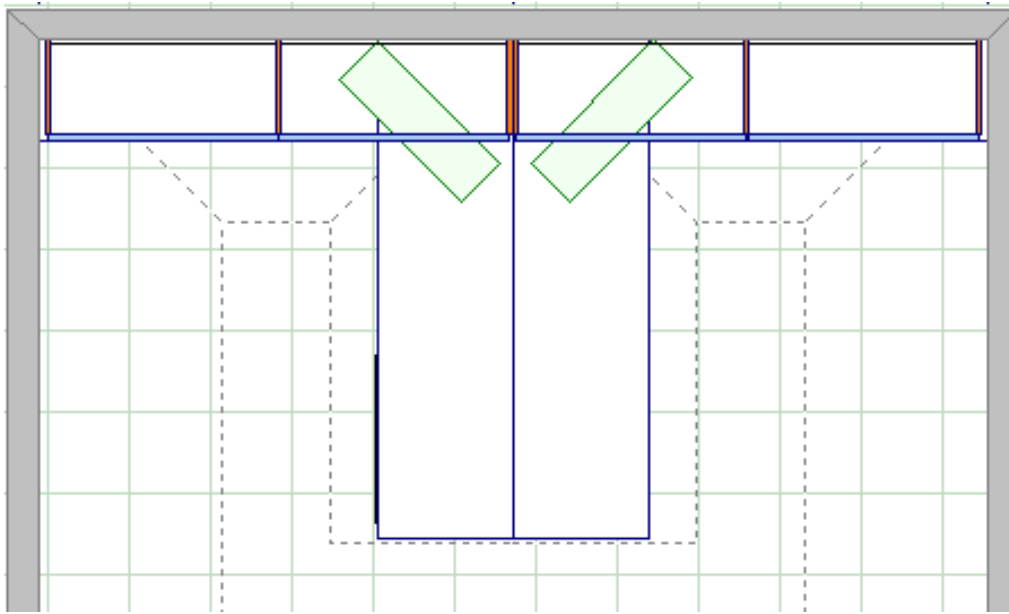

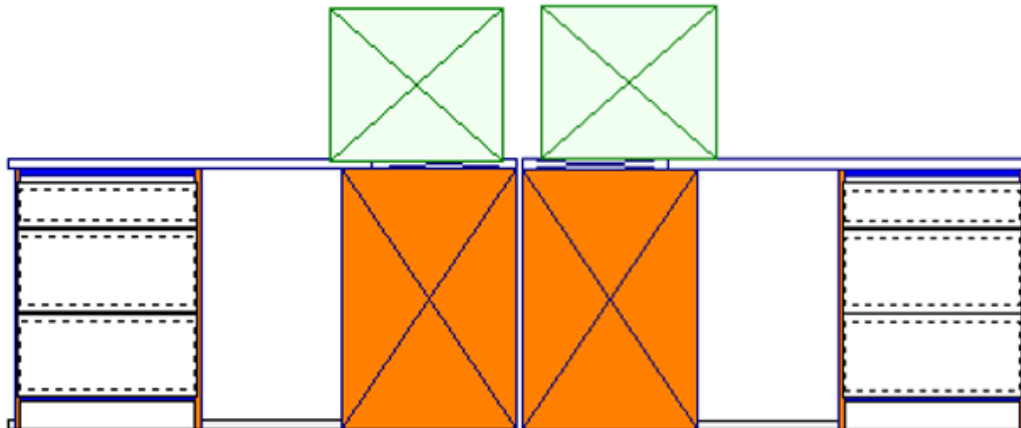

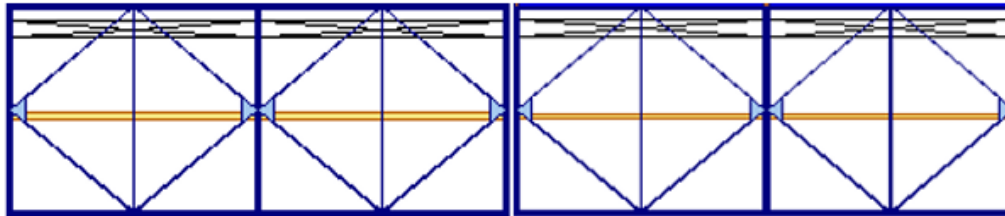

- Industry Design Standards:
Base Cabinet Depth 16" to 19"
Base Cabinet Height 18"
Upper Cabinet Depth 12" to 14"
System Height – design dependent

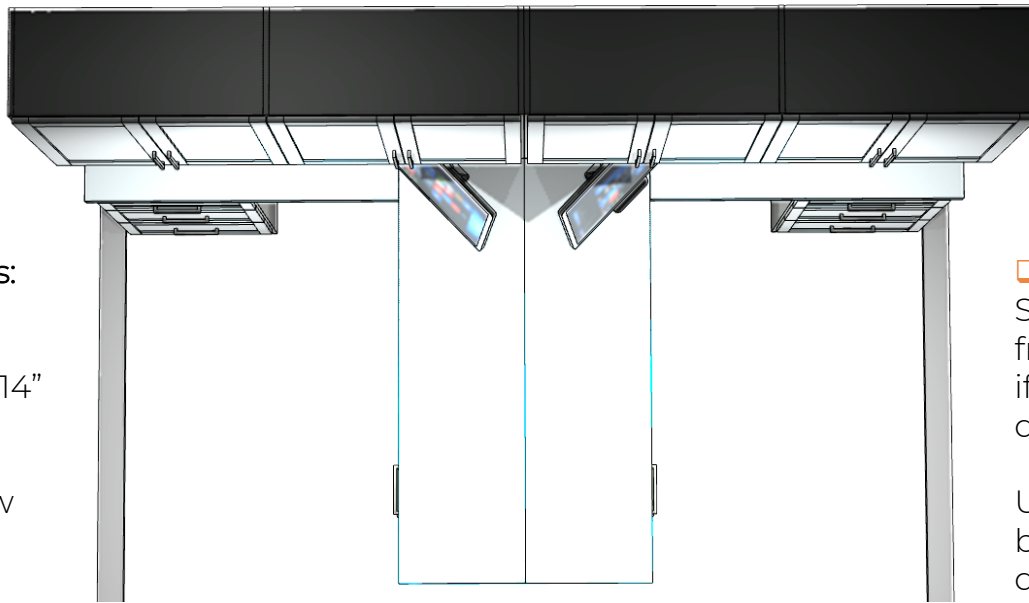

- Notes:
Place Back Panels behind the cabinets to allow proper anchoring.

- Design a single or double work station utilizing office storage accessories and monitor mounts to give the desk top a clean and organized look.

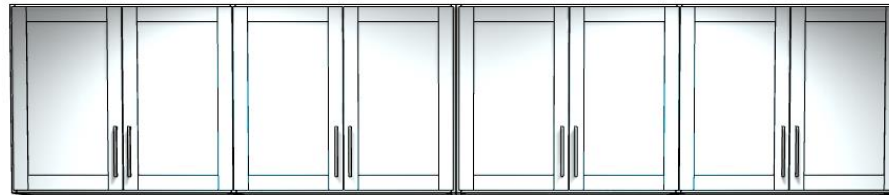

Industry Design Standards:
 Desk Depth 19" to 24"
 Desk Height 29" to 30"
 Upper Cabinet Depth 12" to 14"
 Space between desk and
 Uppers min. 18"
 System Height 84" – 1" below
 ceiling

Notes:
 Start build minimum 1"
 from wall and add filler
 if using drawers or
 doors next to the wall.

 Use 12.5" height drawer
 boxes for filing cabinet
 drawers.

Custom Width Range: 8" to 24"
Standard Width: 14"

Custom Depth Range: 8" to 24"
Standard Depth: 14"

Thickness: 3/4" or 1-1/2"

- Default edge-banding locations apply to individual parts.
- Parts can be custom sized at no extra charge.

□ Islands

Custom Width Range: 4" to 48"

Standard Widths: 18" / 24" / 30" / 36"

Custom Depth Range: 24 3/4" to 43 3/4"

Standard Depths: 14"/14" // 16"/16" // 19"/19" // 19"/24"

Mix & Match Depths: 14"/16" // 14"/19" Etc.

Note: 24"/24" Not available

Thickness: 3/4" or 1-1/2"

Islands consist of the following parts:

- Island Panels
- Back Panel
- Fixed Shelves
- Toe Kicks

Add additional parts for your custom designed Island

Notes:

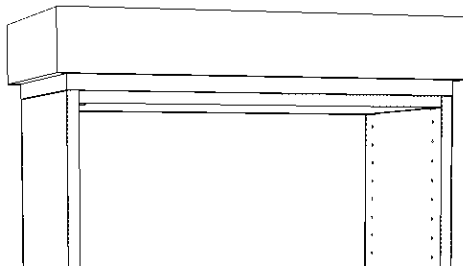

The Back Panel slides between the fixed shelves to create the H structure.

Multiple Island modules can be connected together.

- Default edge-banding locations apply to individual parts.
- Parts can be custom sized at no extra charge.

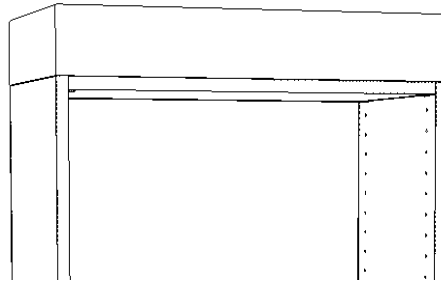

parts

□ FRONT Molding (2pc)

Standard Height: 3" Back Piece
Standard Heights: 4" / 5" / 6" Front Piece
Length Offered: 96"

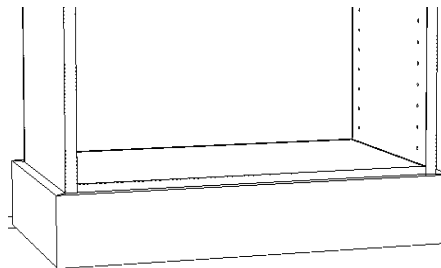

2 piece system - Typically mounted against the ceiling or provide a finished stepped look .

□ TOP Molding (1pc)

Standard Heights: 4" / 5" / 6" Front Piece
Length Offered: 96"

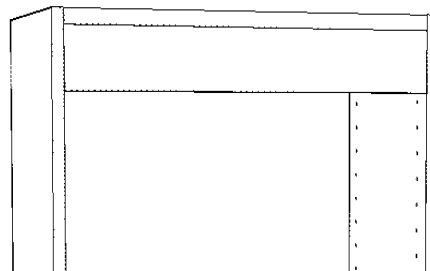

1 piece system- Provide a taller grand finish or used to scribe against the ceiling.

□ TOE Molding (1pc)

Standard Heights: 4" / 5" / 6" Front Piece
Length Offered: 96"

1 piece system - Used with 3 different size toe kicks in conjunction with Doors or Drawers or by itself.

□ VALANCE Molding (1pc)

Standard Height: 3"
Length Offered: 96"

1 piece system - Used below a shelf to create a large fascia look and or used to hide lighting for a table top area

- All moldings provided in 96" lengths that will be cut-to-fit on-site during install.
- All 2 piece moldings to the ceiling REQUIRE minimum 5" of height space.

□ Door Profiles – (Euro / Shaker / Shaker GD)

Custom Width Range: 8" to 48"

Standard Widths: 18 5/8" / 24 5/8" / 30 5/8" / 36 5/8"

Custom Height Range: 12" to 96"

Thickness: 3/4"

Note: Single door maximum width of 24 5/8"

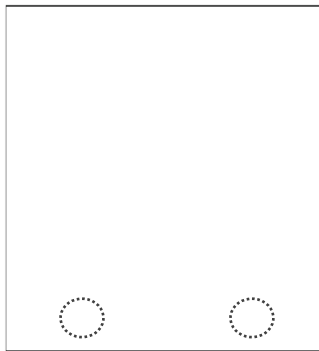

□ Lift Door Profiles – (Euro / Shaker / Shaker GD)

Custom Width Range: 22" to 48"

Standard Widths: 24 5/8" / 30 5/8" / 36 5/8"

Custom Height Range: 9" to 15"

Thickness: 3/4"

□ Hamper Door - (Euro / Shaker / Shaker GD-not available)

Custom Width Range: 18" to 30"

Standard Widths: 18 5/8" / 24 5/8" / 30 5/8"

Standard Height: 27 5/8" only

Thickness: 3/4"

- Default edge-banding locations apply to individual parts.
- Parts can be custom sized at no extra charge.

❑ Drawers - (Euro / Shaker / Shaker GD-not available)

Custom Width Range: 8" to 36"
Standard Widths: 18 5/8" / 24 5/8" / 30 5/8" / 36 5/8"

Profile Standard Heights: 6" / 8" / 9" / 12"

Thickness: 3/4"

❑ Jewelry / Belt / Ironing Drawer - (Euro / Shaker / Shaker GD-not available)

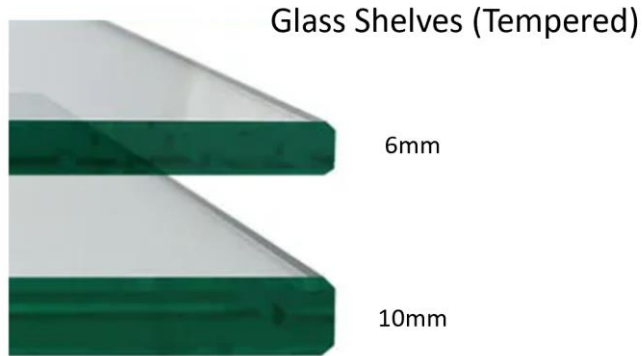

Standard Opening Width: 24" only
Standard Profile Width: 24 5/8"

Standard Heights: 6" / 8"

Thickness: 3/4"

- Default edge-banding locations apply to individual parts.
- Parts can be custom sized at no extra charge.

□ Tempered Glass Shelves

Custom Width Range: 6" to 48"
Standard Widths: 18" / 24" / 30" / 36"

Custom Depth Range: 8" to 30"
Standard Depths: 14" / 16" / 19" / 24"

Thickness: 6mm or 10mm

Notes:

Polished edges all around with a slight chamfer.

Recommend to design with 10mm for any possible weighted applications

□ Floating Shelf

Custom Width Range: 24" - 78"

Custom Depth Range: 7" - 12"
Standard Depth: 12"

Thickness: 1-1/2"

Note:

Includes cut-to-size wall rail and needed hardware.

Concealed brackets are adjustable to angle shelf from the wall.

Motion Activation Switch
Motion sensor to activate light

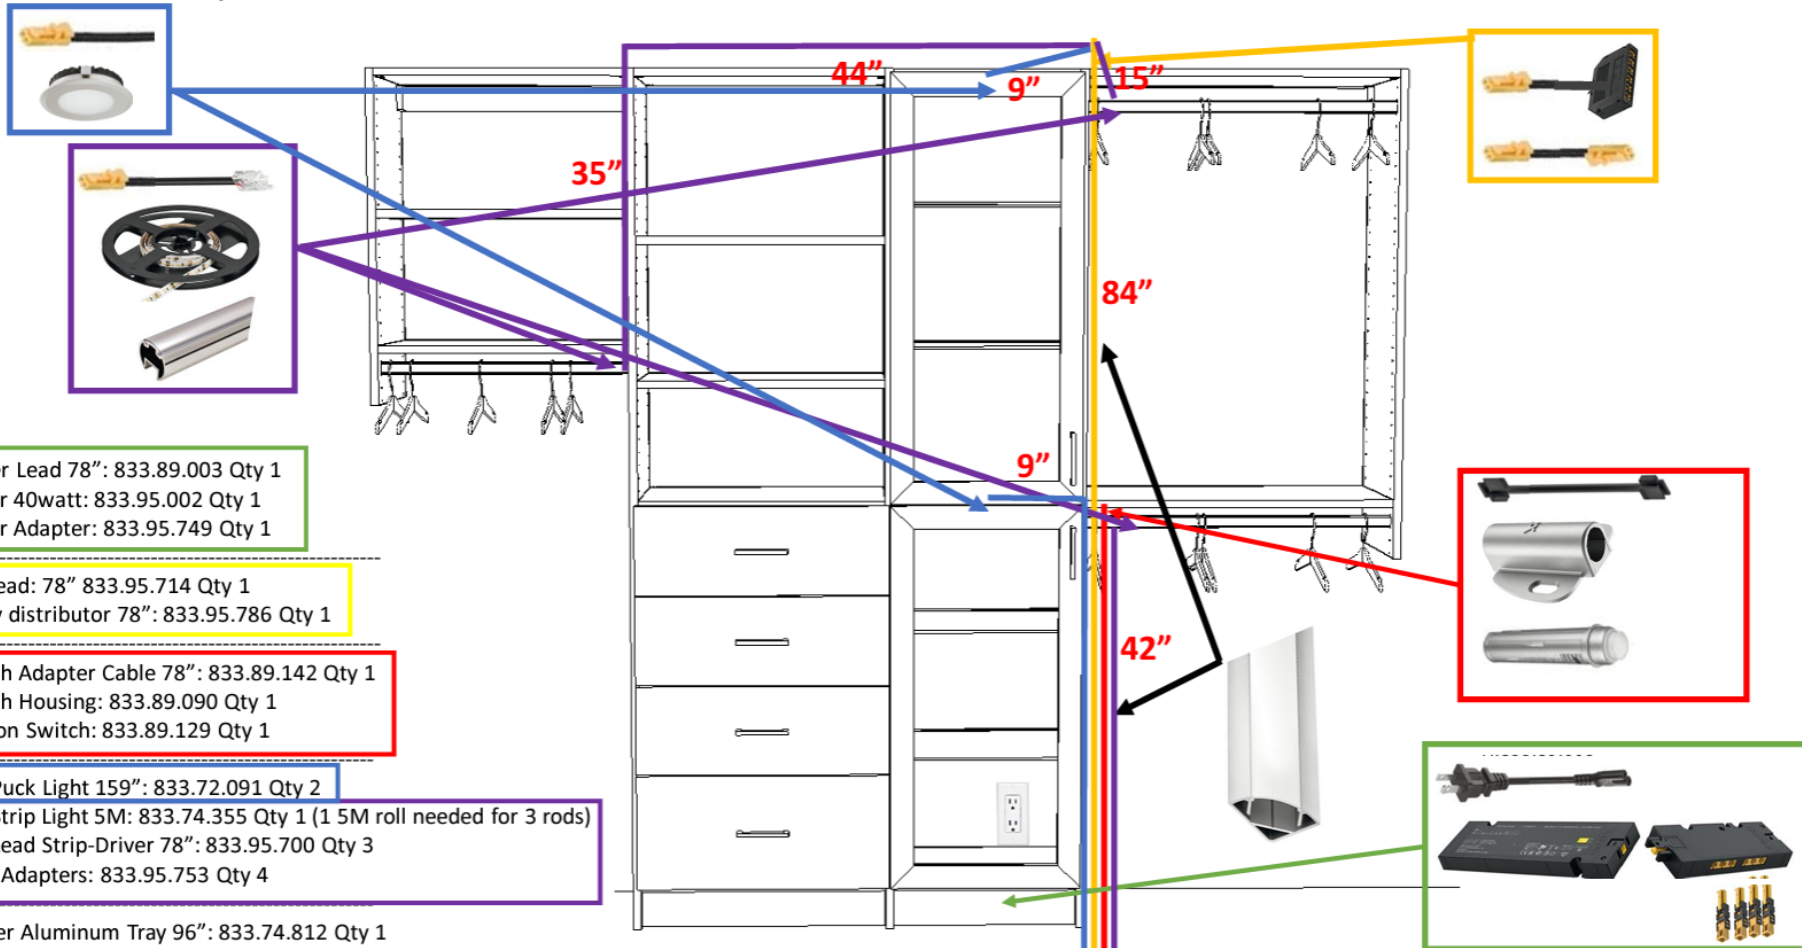

Wall Switch
Lighting system to be used in conjunction with a dedicated wall plug operated by a on/off switch.

Lighting

To Start: Layout the lights needed on the closet diagram and map the components below. Work from the lights to the wall socket detailing the leads and adapters needed. Once mapped and dimensions of the runs are less than the lead lengths then place the order within the 2020 Designs PFC catalog. *Don't be afraid to add extra leads just incase*

Garage Cabinets

Garage Accessories

The Benefits

- ❑ Top & Bottom are 1" thick
- ❑ Panels are 3/4" thick
- ❑ Shelves are 1" thick
- ❑ Back Panel is 3/4" thick
- ❑ All exposed edges have zero joint 1mm edge banding (Top / Front / Bottom)
- ❑ Extra Line boring on the back is added for extra shelf support for widths greater than 31.5"
- ❑ Cabinets that are 24" deep have a 3rd shelf support on each side
- ❑ Adjustable garage legs can be added to each design. 5th center leg is used for larger cabinets

The System

Garage Cabinets are available in 3 matching colors for all internal parts. External parts are available in multitude of different color options.

CABINET & DRAWER BOXES (TFL)
Colors Available:

WHITE / CANADIAN GREY / MAPLE
*Color options are due to 1" material availability

Colors available includes the following:
PANELS (3/4") / DECKS (Top/Bottom) (1")
SHELVES (1") / BACK (3/4") / TFL DRAWER BOX (3/4")

CABINET EXTERIOR ADDITIONS
Colors Available:

ALL TFL / MATTE / HIGH GLOSS COLORS
Including Cabinet colors

Colors available includes the following:
DOORS (3/4") / DRAWER FRONTS (3/4")
END PANELS (3/4")

The Build

Garage legs are optional. 6" long with 1" adjustment. Aluminum shank can be trimmed.

Conformat and pre-glued dowels are used along all mating edges of the cabinet to create a very strong and durable structure.

Flush Rail Cam H 263 02 105 "Cam System for Fixed Shelves. 4 Cams per Fixed Shelf. Screws onto single or double bolt system.

System Bolt Single H 263 02 965 "Single bolt for Fixed Shelves. Cam System Locks onto the Bolt. Place on end Gables/Panels.

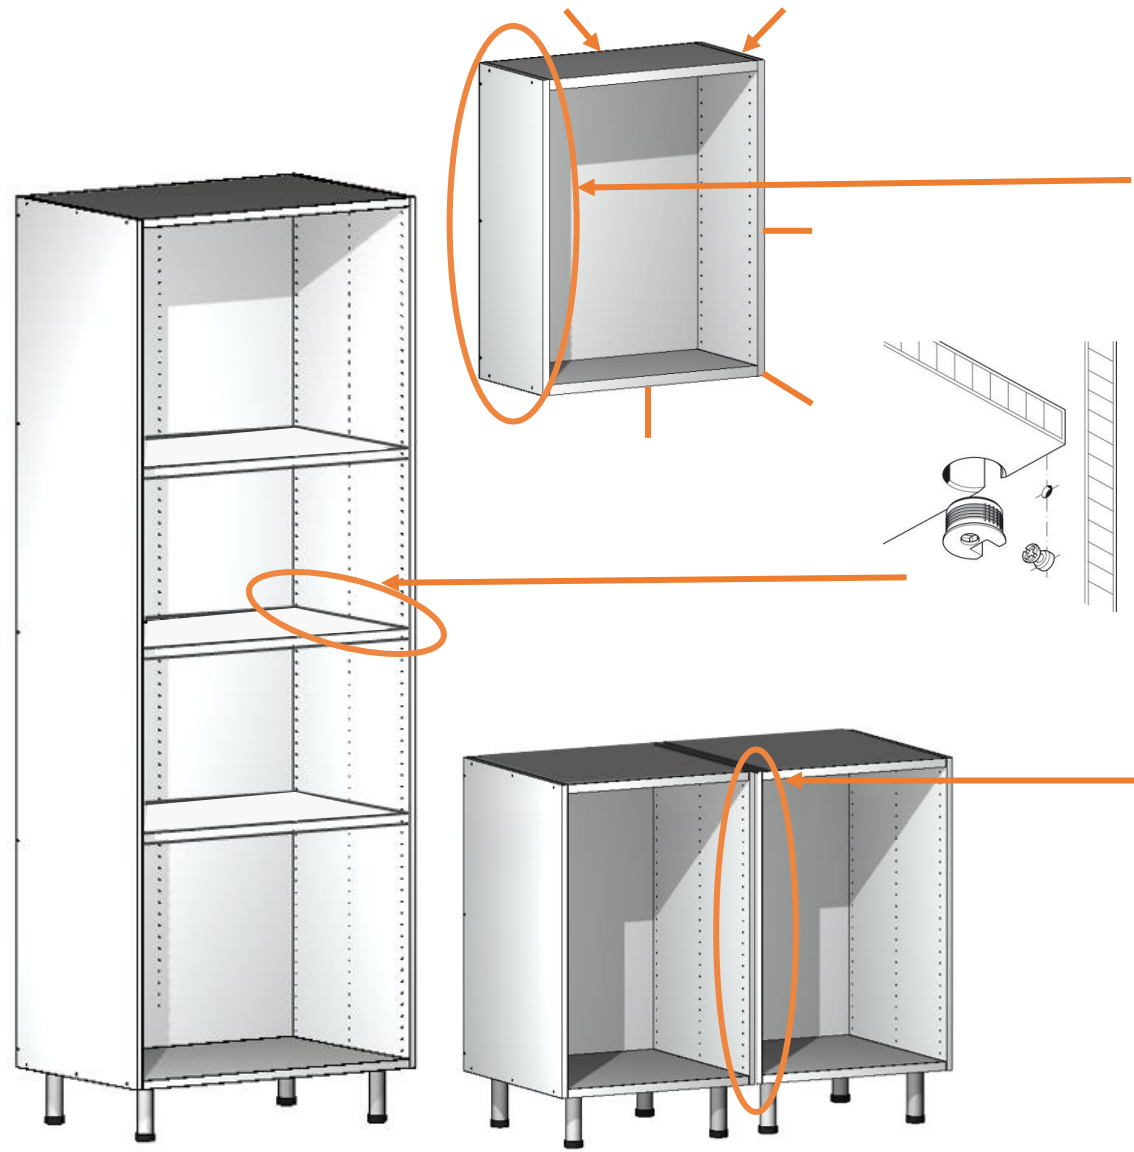

Connectors and Shelf pins are used for all internal shelves.

Additional hardware is provided to attach each cabinet together for extra support.

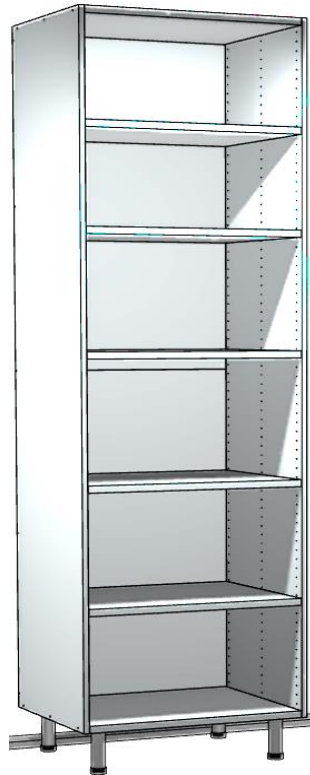

All doors and drawers come with soft-close hinges and undermount slides

ORDER PROCESS

One-Stop-Shop

Upon receiving an order, it enters our production queue, where each item is meticulously custom-produced by our team. We do not maintain inventory for standard-sized core items. The final packaged pallet includes, but is not limited to; custom-produced materials, door and drawer profiles, drawer boxes, cut-to-size closet rods, requested Hafele accessories, and all necessary hardware in individualized boxes, per space of the home ordered. The pallet arrives at our Authorized Dealer facility fully prepared for installation.

PALLET & PACKAGING

Each pallet is typically constructed to be between 8 to 10 feet long and 4 feet wide, with a height ranging from 1 to 3 feet. The weight of each pallet varies, typically between 1000 lbs. to a maximum estimated weight of 3500 lbs.

To ensure secure transport, we meticulously layer a foam barrier between each product layer to prevent movement and chipping.

Hardware and consumable items are packaged together in boxes and labeled according to the allocated space within an order. In instances where multiple spaces are accommodated on a single pallet, each space is packaged individually for added organization and protection.

Furthermore, we construct a barrier around the pallet acting as another line of defense while in transport.

Product Care

Clean with warm water, a clean rag or microfiber cloth, a soft sponge or soft brush. Use normal domestic cleaners or soaps that have no abrasive ingredients.

Then wipe with fresh water, removing all traces of the cleaning agent, to prevent streaks forming. Dry the surface with a clean, absorbent cloth or paper towels.

Avoid harsh household cleaners and abrasives.

The following cleaning agents should not be used under any circumstances:

Scouring
and
abrasive
agents.

Polish,
washing
powder,
furniture
cleaner,
bleach.

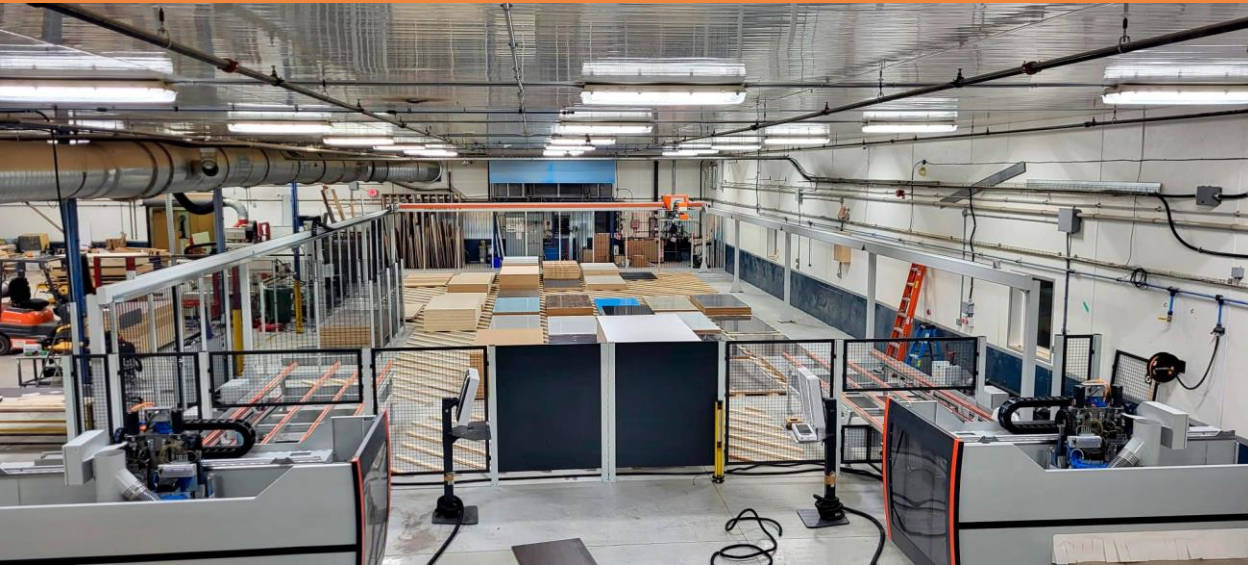

Detergents
with strong
acids and
acidic salts.

Steam
cleaning
equipment.

Warranty

Limited Lifetime Warranty

Our core products include a limited lifetime residential warranty and limited one-year non-residential warranty. Perfect Fit Closets warrants that the core products you purchased will be free from defects in material for the normal lifecycle of the products when used for single-family residential use, and or for one year when used for non-residential or commercial use. This limited warranty extends only to the original end user of the Products, and is not transferable. Each warranty claim will be reviewed case per case.
